How to Guide

## How to use Rise during a training or checking sim session:

Refer to the content below to find out more about how to conduct a session.

1. Logon to TEV on your IPAD

2. CREATE A NEW SESSION -> New FFS Session

3. Session Details

- Choose Training Type
- Choose Session Type

Currently, TEV sessions are limited to 4 hours

4. Crew Member Information, for each pilot:

- Choose Rank (Capt or F/O)
- Same logic for 2nd pilot - possible to select Seat Support
- Type in first 3 letters of your Operator and select it from the drop-down menu  
If you cannot find the operator than TEV cannot be used
  
- Crew member names are grayed out and left as is

5. Select who starts as PF

6. START

7. PAIR with simulator

- ...
- Conduct sim session
- ...

8. END SESSION

9. If CAE Rise insights can add value to training, consider using it for Debriefing.
