Upcoming Sessions

# Upcoming Sessions - Over 24 Hours Away

When you gain access to the CAE Rise platform, you'll be able to view all your upcoming sessions for the next few days.

All sessions with greyed out dates are at least 24 hours away. However, they remain accessible and in Preview mode until the day of the training, which mean that they are not yet ready to be graded.

The screenshot displays the 'Upcoming Sessions' interface. On the left, a vertical timeline shows dates from Feb 16 to Feb 19. The sessions listed are:

- SA | A320 Standard Type Rating Course | Tuesday, 14:34
- S1 | A320 Standard Type Rating Course | Wednesday, 07:00
- S2 | A320 Standard Type Rating Course | Wednesday, 12:00
- S3 | A320 Standard Type Rating Course | Thursday, 07:00
- S4 | A320 Standard Type Rating Course | Thursday, 12:00
- Room 904 | Room N393 | Friday, 07:00

Callout 1 points to the date 'WED FEB 17' which is greyed out. Callout 2 points to the 'FFS' status which is greyed out and labeled 'PREVIEW'.

## 1 Greyed Out Dates

The greyed out dates signify that the training sessions are over 24 hours away and do not need immediate attention.

## 2 Preview Mode

A session is in Preview mode when it is a minimum of 24 hours away and is not yet ready to be graded. It can be accessed like the other sessions but cannot be completed yet.
