Importing / Creating a Course

Importing a Course

Courses are created in STARS and then made available for import within CAE Rise Editor.

To learn more about importing a Course, refer to the content below.

CAE Rise Editor

Import Course

To import a course, click on the **IMPORT COURSE** button.

Search Feature

This search feature is similar to the Filters option because it allows you to search for a course using keywords, such as Gulfstream.

Select Course

Once the desired course has been selected, click on the **IMPORT** button.
