Editing a Course - Description

## Editing a Course - Description

During the course editing process, you'll gain access to the course description section. Most of the information about the course is already available to you and cannot be edited. However, you can add comments to the description if needed.

To add comments to the course description, review the following content.

The screenshot shows the CAERise Editor interface. The top left corner displays 'CAERise Editor' and a user profile icon 'LR'. The sidebar on the left contains navigation links: Dashboard, Courses, Lessons, Modules, Tasks, Change Requests, Customers, and Administration. The main content area is titled 'Courses / Details' and shows the course 'Gulfstream V - LJT1'. A 'DRAFT' status is indicated. Below the course title, there are tabs for 'Description', 'Training Requirements', 'Units', and 'Compliance'. The 'Description' tab is active. The course details are organized into two columns. The left column lists fields: Designator (Stars) GULF5-LJT1, Course ID (Stars) 1191032695, Category, Client Types Pilot, Customers, Program, Regulatory Agency, and A/C Type. The right column lists: Notes, Course Version 0, Managed By, NextGen Enable, and Number of Days 2. A 'Comments' section is located on the right side of the main content area, featuring a large empty text box. A yellow circle with the number '1' highlights the 'Description' link in the sidebar, and a yellow circle with the number '2' highlights the 'Comments' text box.

### 1 Description Section

To access the course description, click on the Description link.

### 2 Comments

To enter comments, click inside the Comment text box and enter your comments.
