Editing a Course - Training Requirements

## Editing a Course - Training Requirements

Each course needs to follow a specific set of training requirements established by the EASA (European Union Aviation Safety Agency) , FAA (Federal Aviation Administration) or TCCA (Transport Canada Civil Aviation). In the event that those training requirements need to be edited, you can make those edits in the Training Requirements section of the course.

To access the training requirements, review the following content.

The screenshot shows the CAERise Editor interface. On the left is a navigation sidebar with options: Dashboard, Courses, Lessons, Modules, Tasks, Change Requests, Customers, and Administration. The main content area is titled 'Courses / Details' and shows the course 'Gulfstream V - LJT1'. Below the course title, there is a 'DRAFT' status and metadata: Category, Recurrent, Regulatory, EASA, Imported by L. René, Imported on 25-Mar-2021, Published by L. René, Last Update 25-Mar-2021, 14:29. A navigation bar below the metadata includes 'Description', '1 Training Requirements', 'Units', and 'Compliance'. The 'Training Requirements' section is highlighted with a yellow box and a '2' callout. It contains a list of requirements under the heading 'EASA Appendix 9 (2020 version)'. Each requirement has a checked checkbox and a text description.

<input checked="" type="checkbox"/>	ID	Regulatory Name
<input checked="" type="checkbox"/>	1.1	Performance Calculation
<input checked="" type="checkbox"/>	1.2	Aeroplane Visual Inspection
<input checked="" type="checkbox"/>	1.3	Cockpit Inspection
<input checked="" type="checkbox"/>	1.4	Use of Checklist prior to starting Engines
<input checked="" type="checkbox"/>	1.5	Taxiing
<input checked="" type="checkbox"/>	1.6	Before Take-off Checks
<input checked="" type="checkbox"/>	2.1	Take-off - Normal
<input checked="" type="checkbox"/>	2.2	Take-off - Instrument
<input checked="" type="checkbox"/>	2.3	Take-off - Crosswind
<input checked="" type="checkbox"/>	2.4	Take-off - Max TO Mass
<input checked="" type="checkbox"/>	2.5.1	Take-off - Engine failure after reaching V2

### 1 Training Requirements

To view the training requirements, click on the [Training Requirements](#) link.

### 2 Training Requirements List

The list of requirements according to EASA guidelines. You can uncheck items from the list, but you cannot add any to the list.
