Adding Malfunction Tasks

Adding Malfunction Tasks

As part of a lesson, trainees will need to complete malfunction tasks to fulfill their training requirements.

To learn more about adding malfunction tasks, review the information below.

The screenshot shows the CAERise Editor interface. On the left is a navigation menu with options: Dashboard, Courses, Lessons, Modules, Tasks, Change Requests, Customers, and Administration. The main content area is titled 'Lessons / Details' and 'Test Lesson 001'. It shows a 'DRAFT' status, 'Type Simulator', and metadata: 'Created by L. René', 'Created on 28-Mar-2021', 'Published by L. René', and 'Last Update 28-Mar-2021, 21:10'. Below this is a 'Plan Of Action' section with two tasks:

- 1. Acceleration / Deceleration, Trim changes (Time: 00:30)
- 2. "# 1 RUD HYD" or "#2 RUD HYD" (Caution Light) (Time: 01:00)

On the right, there is a 'Tasks' panel with a search bar and filters for 'Malfunction' and 'Compliance'. A list of tasks is displayed, with a '1' in a yellow circle above the search bar and a '2' in a yellow circle above the first task. The tasks listed are:

- TASK "# 1 RUD HYD" or "#2 RUD HYD" (Caution Light)
- TASK "#1 AC GEN HOT" or "#2 AC GEN HOT"
- TASK "#1 DC GEN HOT" or "#2 DC GEN HOT"
- TASK "#1 DC GEN" and "#2 DC GEN"
- TASK "#1 DC GEN" and "#2 DC GEN" and "#1 AC GEN" and "#2 AC GEN"
- TASK "#1 DC GEN" and "#2 DC GEN" and "L TRU" and "R TRU"
- TASK "#1 DC GEN" or "#2 DC GEN"
- TASK "#1 DC GEN" or "#2 DC GEN" and "L TRU and R TRU" (Caution Light)

1 Viewing Malfunction Tasks

To view malfunctions tasks, click the *Malfunction* button and all the available malfunction tasks will appear.

2 Selecting a Task

Once the malfunction task list appears, you can choose the malfunction task you'd like to add to the plan of action by simply dragging the task to the POA area.

Just like other tasks, you'll have to enter the allotted time for the task and click on the blue arrow to edit the task's details.
