

CAERise Editor

Editing a Task

Editing a Task

When your task has been created, you can click on your new task in the Task list and then click the Edit button in the top right corner. The task will open and give you access to the task details.

To learn more about editing a task, review the information below.

Suggested Grading Type

You can choose among Crew, Handling and Demo to define a grading type,

Autopilot

You can toggle the Autopilot option on/off and lock it if you do not want anyone to edit it when adding it to a lesson.

Malfunction

You can make this a Malfunction task by checking the box.

Auto-Throttle

You can toggle the Auto-Throttle option on/off and lock it if you do not want anyone to edit it when adding it to a lesson.
