Module Description

Module Description

Each created module has additional details that can be edited to further customize its features for each customer by clicking on the Description link.

To learn more about the editing the module description, review the information below.

The screenshot displays the 'Test Module 001' details page. The left sidebar contains navigation options: Dashboard, Courses, Lessons, Modules, Module Scheduler, Tasks, Change Requests, Customers, and Administration. The main content area shows the module details for 'Test Module 001', which is in 'DRAFT' status. It is a 'Simulator' type, created by 'L. René' on '12-May-2021', published by 'L. René', and last updated on '12-May-2021, 20:57'. The 'Description' tab is selected. The fields are: Module Name (Test Module 001), Customer Version (input field), CAE Module Version (0), Aircraft Type (A300), Module Type (Simulator), Customer (Execaire a Division of IMP Group LTD), and Duration (hh:mm) (input field). A 'Scheme' dropdown menu is open, showing options: 'Select a Scheme', 'Checkboxes test', 'Saudi Test', 'Test 2 -', and 'cae-default-format-1-4'. A 'Description' text area is also present.
